emPower Breakfast

Why We're Different

The emPower Breakfast is focused on the people who attend...not the venue, food, or the topic of the organizers. We try to give everyone a chance to share their stories.

Featured Speakers

Our featured speakers bring a business topic or personal development concept; they do not try to sell you something.

Featured Sponsors

Sponsors are given an opportunity to present their business and products in an informative way.

3-Minute Speakers

Everyone is given a chance to be a 3-minute speaker, because everyone has a story to tell.

Table Conversations

Everyone has a chance to introduce themselves and meet others at our table introductions.

An Intimate Event

We aren't interested in numbers—we try to keep attendance at a level you feel you could meet everyone if you tried.

We Finish On Time

We pace our event quickly so there's never a dull moment!
