Building Healthy FOUNDATIONS

For Couples 

In Utah when a couple completes 6 hours of premarital education or 3 hours of premarital therapy, they can receive \$20 off their marriage license online.

The cost per couple is \$250 for the weekend, (6 hours of education). With the \$20 total that the couple applies for, the cost ends up working out to \$115 per person.

Includes, **one FREE video consultation with a licensed therapist within the first year of marriage or first year of completing the class if you are already married!** (\$100 value!) That is 7 hours of preventative education, averaging out to less than \$17 dollars per hour, per person!

The couple will get to keep their workbook with information they have learned! It will also have specific things that pertain to the couple!

“Thank you for supporting my mission of helping couples build healthy foundations for their marriage”
